

Remarks:

The preliminary amendment is being filed in an effort to present an application in proper U.S. format and to present claims in proper U.S. claim idiom for examination.

The new claims are fully supported in the original claims filed in the international application, with claim 1 following a one-part format and claim 4 being drawn as a Jepson (improvement-type) claim.

An early action on the merits is requested.

Respectfully submitted,

For Applicants
